

Bumper2Bumper Warranty Guide

Plan for the unexpected

Warranties protect your vehicle against major, unexpected mechanical breakdowns and electrical failures (such as engine or gearbox failure) that are not provided for by Service or Maintenance Plans.

What is a Bumper2Bumper Warranty?

The Bumper2Bumper-Extended-Warranty starts after the Mitsubishi manufacturer warranty has ended and gives extended warranty cover plus additional benefits. It is valid for 2 years and has no limitation on kilometres travelled. This warranty can be transferred to the subsequent vehicle owner.

The Bumper2Bumper is not a Service or Maintenance Plan. A Service Plan provides for your vehicle's specified services. A Maintenance Plan provides for your vehicle's services and specific wear-and-tear items like brake pads, shock absorbers and wiper blades.

You may take the Bumper2Bumper Warranty over the following terms:

Term Policy: This policy runs for the period that will be shown on your policy schedule. There is no limitation on kilometres travelled.

Monthly Policy: This policy runs monthly. There is no limitation on kilometres travelled. Your policy will expire after 24 months. Renew your policy after this period to make sure your vehicle is covered.

How do you benefit?

- Extra cover for components not provided for in the standard manufacturer warranty
- Extend the period of cover for components with limitations in the standard manufacturer warranty
- Qualified technicians and genuine Mitsubishi parts
- Affordable monthly payments
- Payments can be incorporated into monthly vehicle instalment

Mitsubishi Assist roadside assistance* is included in your Warranty for those moments when you need towing, car hire, overnight accommodation, tyre change assistance, a jump-start and key lockout.
