

Maintenance Plan Guide

Take care of your vehicle's wear-and-tear and service items in one go

We are
Motus

The plan runs for a set period of time (e.g. 3 years) or for a fixed number of kilometres (e.g. 45 000 km), whichever happens first. To ensure your plan stays intact, service your vehicle as per the Mitsubishi specifications.

What is a Mitsubishi Maintenance Plan?

This plan provides for the Mitsubishi-recommended scheduled services that your vehicle needs, including specific wear-and-tear components like wiper blades and brake pads. All maintenance repairs must be performed by a Mitsubishi approved repair facility, at the prescribed mileage intervals or annually - whichever happens first.

The Mitsubishi Maintenance Plan offers you convenient payment options so that you spend less time worrying about the costs of taking care of your vehicle and more time enjoying the open road.

The Mitsubishi Maintenance Plan is not a Warranty. A warranty provides for major unexpected mechanical breakdowns and electrical failures like engine or gearbox failure.

What is wear and tear?

Wear and tear is a term used to describe the gradual physical deterioration of various parts of the vehicle. Wear and tear happens naturally and is inevitable as a result of normal use and ageing.

How do you benefit?

This plan includes Mitsubishi specified services and wear-and-tear parts

- Only qualified technicians who use genuine Mitsubishi parts will service your vehicle
- Affordable monthly payment option to avoid paying large amounts at once
- The financial institution that finances your vehicle may be able to incorporate the payments for your plan into your monthly vehicle instalment
- Mitsubishi Assist roadside assistance

What does a Mitsubishi Maintenance Plan provide for?*

Service components

- Filters (oil, air, pollen, fuel)
- Oil & lubricants (engine, coolant, transmission, brake & clutch, differential)
- Spark plugs
- Sump plug gasket
- Workshop consumables
- Belts (accessory belt, cambelt) (only if specified in the Mitsubishi service schedule)
- Tensioners & pulleys (only if specified in the Mitsubishi service schedule)

Maintenance components

Replaced on normal wear and tear as per Mitsubishi specifications

- V-Belts (replaced when deemed necessary by the approval facility)
- Front & rear brake pads/drums/discs
- Front & rear shock absorbers
- Rear wheel cylinders
- Clutch & clutch components (limited to R7 500 incl. VAT per event)
- Factory-fitted default fuses & globes (excl. any upgrades - xenon or other)
- Alternator
- Air conditioner
- CV joints and boots
- Differential unit
- Drive pulleys
- Engine
- Fuel system
- Transmission/gearbox
- Turbo assembly (limited to R17 100 incl. VAT per event)
- Wheel bearings
- Steering components

Your vehicle qualifies for a Mitsubishi Maintenance Plan if it:

- Has travelled less than 80 000 km
- Is less than 4 years old (calculated from the date of first registration)
- Has a valid Mitsubishi 3 year Warranty
- Has a full Mitsubishi service history as per the required frequency and specifications - done by a Mitsubishi approved repair facility

*The above list is for illustration purposes only. Only key components shown above. Terms, Conditions and Limitations apply. List correct at time of publication. E&OE
